User dapat download laporan dalam format Excel

Steps to reproduce

#	Step	Action	Expected Result
1	User klik tombol Export ke Excel		User telah berhasil melakukan download file Laporan dalam format excel

The screenshot shows a web interface for a report. At the top, there's a header with a red bar. Below it, the title 'Laporan' is displayed. There are three summary boxes: 'Total Pengeluaran' with a value of Rp422.901.000, 'Saldo Awal' with a value of Rp422.901.000, and 'Saldo Terakhir' with a value of Rp0. Below these are two buttons: 'Export ke Excel' (green) and 'Export ke PDF' (blue). At the bottom, there's a line chart titled 'Grafik Pengeluaran' showing a red line with data points over time. The y-axis is labeled 'Rp' and ranges from 0 to 400.000.000.
